Frequently Asked Questions

1. How far in advance should I book my yacht?

Normally 2 to 4 months in advance is recommended for charters of one week. For some dates in May, especially for the Cannes Film Festival and Monaco Grand Prix we recommend booking 6 months in advance.

2. What is included in the charter fee?

The charter fee includes the crew's wages, uniforms and food, the ship's linen and towels, the insurance of the yacht and that of the crew. It also includes the yacht's equipment and toys in working order, tools, stores, cleaning materials and basic consumable stores for engine room, deck, galley and cabins.

3. What is the minimal period for which the yacht could be rent ?

For yachts under 20 metres, day charters are usually from 9:00 to 19:00 and for charters over 20 metres, a minimum 3 day charter is accepted.

4. What is APA (Advance Provisioning Allowance) and what is it used for?

APA is used for the charterer's expenses such as fuel for the yacht, shoreside transport, fuel for tenders, local taxes, food & beverages for the Charter Party, fees for berths or harbour charges and so on. The APA is sent to the broker or stakeholder at the same time as the charter fee & before commencement of the charter.

5. Is it possible to cancel the charter due to bad weather?

Only Force Majeure is considered as a condition to cancel the charter. The charterer has the possibility to reschedule his charter or to chose another charter period depending on the availability of the yacht.

6. Can we take food or drinks on board the charter yacht ?

Yes, the charterer can take his own food and drinks on board the yacht. For Day charter, a limited selection of non-alcoholic drinks are already on board.

7. Can the Motor Yacht pick us up?

Our yachts are lying in different ports on the Côte d'Azur: Cannes, Golfe-Juan, Antibes, Nice, Monaco and so on. You can embark in the "home" ports, or if you wish, the yacht can come to you. We can pick you up wherever you want on the Côte d'Azur and take you directly to your destination. In this case, delivery fees from the port of departure to your desired pick-up point is charged.

8. Is the crew gratuity included in the price of the Charter?

No. It is customary to give the captain & crew a gratuity up to 10% of the charter fee; however, it is solely at your discretion.

9. May somebody else than the captain drive the yacht?

No, only the Captain or the 1st Officer is allowed to drive the yacht.

10. Is it possible to bring pets on board with us?

Normally pets are not permitted on board. Some exceptions may be allowed but this is with the owner's permission.

** Special offer : if you book one of these yachts for at least 3 days, you will receive a free gift certificate for a « Monte Carlo Marine Day » thalassotherapy including the lunch in the restaurant L' Hirondelle at Les Thermes Marins de Monte Carlo. For further information, please contact us.
